

FALL UPDATE & ANNUAL REPORT

2023

EXCEPTIONAL OUTDOOR ADVENTURES FOR PEOPLE WITH DISABILITIES
CRESTED BUTTE, COLORADO

ADAPTIVE SPORTS CENTER

DIRECTOR'S NOTE

Autumn is always a bittersweet time of year; you know that summer is coming to an end, but winter is right around the corner. Fall also happens to be one of the best times in Crested Butte with its great weather, beautiful colors, and not many people around... other than various groups from the Adaptive Sports Center!

We had a great summer that saw a return to our pre-pandemic activity levels. We served more individual participants than ever before, along with many of our regular groups and community participants. A variety of groups came from all

over the country and one new group from Eastern Europe joined us - veterans with amputations from Ukraine. Unconquered Foundation sponsored the site visit for three wounded veterans and two interpreters for a week of programming that highlighted the full breadth of the ASC's capabilities. It was great to see the phenomenal impact that we normally see also transpire with the Ukrainians (despite the language barrier!). They learned to better use and trust their prosthetics and gained confidence in their abilities throughout the week. It was remarkable to witness this week come to fruition after its initial conception a year and a half ago when the idea formed during the

time I was volunteering at the Invictus Games in the Netherlands during my sabbatical.

We are thrilled to continue our Access for All pricing into the winter. Our hope is that \$95 for a day of programming will open the door to outdoor adventure for an even wider range of people with disabilities. This price is about 10% of our true cost for each activity, so I am deeply grateful to all of our supporters for enabling us to expand our reach and provide even more life changing experiences to our participants. Winter registration opens on on October 5th and we are expecting this to be

one of our busiest seasons ever, so please register early. I look forward to seeing you all in the Butte soon.

Warm Regards,

Christopher Hensley
Executive Director
Adaptive Sports Center

ANNUAL REPORT 2022-2023

May 1, 2022 - April 30, 2023

INCOME

Program	\$408,307
Special Events	\$2,038,913
Donations	\$1,369,351
Grants & Proposals	\$1,008,354
Other Income	\$302,086

TOTAL INCOME **\$5,127,011**

EXPENSE

Winter Programming	\$1,664,868
Summer Programming	\$1,418,221
Development	\$902,998
Administration	\$209,965

TOTAL EXPENSE **\$4,196,052**

ASC OPERATIONS

NET INCOME **\$930,959**

ASC's budget surplus is the result of a very successful event season and a one-time bequest of \$600,000 for the Erbrick Family endowment fund. For more detail on these numbers, our 2022-2023 independent audit is available on our website.

“I’ve lost a lot of courage and confidence over the years after my injury, but with every trail and challenge we experienced this week I gained a little bit of that confidence back.”

- Participant with National Rehabilitation Hospital of Washington D.C.

Summer 2023

What I felt as a participant is now something I can see in someone else as a trip leader.

PARTICIPANT SPOTLIGHT

HARSH THAKKAR

Harsh mountain biking and canoeing during his most recent trip to Crested Butte with the National Rehabilitation Hospital of D.C. Photos by Jessica Taylor.

Harsh Thakkar cherishes moments spent with family and friends and explores the beauty of the great outdoors whenever he can. Harsh's life took a transformative turn in 2005 when a spinal cord injury altered the course of his existence. It was a challenging time, but Harsh's unshakeable spirit led him to become a leader and co-partner with local groups that support individuals with disabilities.

Harsh's journey with the Adaptive Sports Center (ASC) began in the summer of 2017 when he ventured to Crested Butte with the Kennedy Krieger Institute. The experience was like nothing he'd ever felt before. It was as if he had stepped into a land he never thought existed – a world where mountains and people were nothing short of amazing.

“I almost felt like it was surreal to experience the level [of the ASC] and the things that I was able to see [were] completely different than [any] environment I had seen prior.”

Harsh’s fondest memory with the ASC isn’t tied to a single moment but encompasses the collective experience of introducing individuals to new experiences. He truly loves being able to help people step beyond their comfort zones and fully embrace challenging activities like mountain

biking or skiing, no matter how nerve-wracking they may be.

“One of my favorite memories was being a part of an environment that didn’t view people with disabilities as differently as the rest of the world does.”

During his trips to Crested Butte, Harsh was able to gain a higher level of understanding of the ASC’s organizational functions, so when the Kennedy Krieger Institute could no longer facilitate trips, he seized the opportunity and began leading trips for other participants.

Currently, as MedStar Rehabilitation Hospital’s adaptive sports trip leader, he facilitates activities that range from local bowling outings to ski trips in Crested Butte. Through these activities, he finds great satisfaction in witnessing the power of adventure and new-found freedom that he has also felt personally.

“What I felt as a participant is now something I can see in someone else as a trip leader.”

To Harsh, the Adaptive Sports Center is not just an organization; it’s a gateway to different levels of freedom. It provides people with the opportunity to engage in activities they might have thought were out of reach, as well as cater to diverse groups of individuals while ensuring everyone’s unique needs are met.

I think that the staff at the ASC is one of the most unique components because these are people that live and breathe these activities.

“

I always knew it was a place I wanted to end up, it was just a matter of finding that time.

”

Photos courtesy of Rich Smith and Christopher Hensley.

If you are interested in volunteering with the Adaptive Sports Center, please reach out to Rob Guenther at Rob@AdaptiveSports.Org or visit [AdaptiveSports.Org/Volunteer for more information.](https://www.adaptivesports.org/volunteer)

VOLUNTEER SPOTLIGHT

RICH SMITH

At home amidst the breathtaking landscapes of the valley, Rich Smith exemplifies the spirit of adventure that makes our community so special. Beyond his 47 years in this picturesque valley, Rich is known for his love of outdoor activities, his deep connection to the Adaptive Sports Center (ASC), and his dedication to making a difference in the lives of others.

When you chat with Rich, it doesn't take long for his passion for spending time in the mountains with others to shine through. Whether it's skiing down pristine slopes, biking across rugged trails, or conquering the Grand Traverse, Rich finds solace and joy in the great outdoors. It's this affinity for the natural world and his will to give back that eventually led him to the Adaptive Sports Center.

Participants coming from all over the country may be skiing, mountain biking, or rock climbing for the first time, but when they have a volunteer like Rich showing them the ropes, their experience is elevated and fond memories are created.

His past experiences and current skillset are irreplaceable to our participants.

As a former guide for Ski for Light, a non-profit that provides opportunities for people with visual impairments to experience Nordic skiing, his involvement with the ASC felt like a natural progression. Seven years ago, when Chris Hensley, Executive Director, invited him to tag along on a Ride the Rockies trip (an annual six-day bike tour across Colorado's Rocky Mountains), he knew it was time to begin his volunteer journey with the ASC.

"I always knew it was a place I wanted to end up, it was just a matter of finding that time."

One of Rich's favorite memories with the ASC is skiing alongside Lonnie Bedwell, a blind skier whose determination and spirit left an unforgettable mark on him. Rich recalls the morning he spent with Lonnie, where Rich skied down the mountain while ringing a bell alongside Lonnie to lead the way. For every turn Rich made, Lonnie followed suit without any hesitation. After several runs filled with smiles and high-fives, Rich was hooked.

**It is absolutely the most fun
that I've had [while] being
able to give back.**

Rich also contributes to the organization's mission by volunteering at the Crested Butte Open and Bridges of the Butte each year. His dedication to volunteering highlights his unwavering belief in the mission of the ASC and the importance of inclusivity in the outdoor community.

In Rich Smith, the Adaptive Sports Center has found not just a volunteer, but a passionate advocate and a true embodiment of the mission. He continues to be a source of inspiration, and represents the spirit of adventure, community, and philanthropy that defines the heart of our valley.

ACCESS FOR ALL PRICING

WE BELIEVE EVERYONE SHOULD HAVE ACCESS TO THE OUTDOORS

Advocating for independence and equal access to outdoor recreation activities for people with disabilities is core to our mission. Since our inception in 1987, we have accomplished this by offering our services at a reduced cost.

\$95 FULL DAY LESSONS

Thanks to financial support from incredible donors and participants alike, we have further reduced our existing subsidized full-day rate to \$95, which includes equipment rentals and a lift ticket. We recognize that the cost to enjoy the great outdoors is commonly a barrier to participation, considering the added requirement of specialized equipment and professional instruction. If additional financial assistance is needed, we have an amazing scholarship fund.

HELP SUSTAIN ACCESS FOR ALL PRICING

A typical full-day adaptive lesson costs the ASC roughly \$900. Thanks to the generosity of many, we are able to charge \$95 to provide this service. Those that are able to contribute beyond the lesson fee, can “pay it forward” by adding a tax-deductible donation to their payment.

All donations made to the Adaptive Sports Center help sustain Access for All pricing. This pricing model welcomes people of all socioeconomic backgrounds and is critical to our mission. If you'd like to help us continue our Access for All pricing, please visit our website to learn more and contribute!

AdaptiveSports.Org/Access-For-All
