Participant COVID-19 Testing and Screening Information

Your health and well-being are important to us. Before you participate in activities with us, the Adaptive Sports Center needs to evaluate your possible exposure to COVID-19 in an effort to prevent the spread of COVID-19 and reduce the potential risk of exposure to other Adaptive participants, our staff and our community. Your information is necessary to allow us to implement precautionary measures to help protect you and everyone around you. Upon arrival at the Adaptive Sports Center, you will be subjected to additional health screening as suggested by the CDC, state, and/or local health departments.

A test for COVID-19 is required before you will be allowed to participate with the Adaptive Sports Center. Such test must be taken within seven to ten days of your departure for Crested Butte. Check with local provider on test result timing and plan accordingly.

If you previously tested positive for COVID-19, you must either retest or get an antibody test (the Abbott Labs antibody tests for COVID-19 are recommended). *

The results of such testing, and your answers to the questions below must be sent via email to Elizabeth Philbin at elizabeth@adaptivesports.org no later than 48 hours prior to your first day of programming at the Adaptive Sports Center. Your test results and your information provided in this form will be maintained as confidential. The Adaptive Sports Center is requiring participants to be tested, but cannot guarantee that everyone with whom you may come into contact will, in fact, have been tested.

*The Adaptive Sports Center is requiring a COVID-19 or antibody test in an effort to prevent the spread of COVID-19 and reduce the potential risk of exposure to Adaptive participants, our staff, and our community. If you have questions regarding testing or this form, please contact Elizabeth Philbin at 970-349-2296, extension 116, or at elizabeth@adaptivesports.org.

Please answer the following questions as to whether or not you are currently experiencing, or have experienced in the past 14 days, any of the following symptoms. (Please take your temperature before you answer this question.)

^ Please note that you also will be required to answer these questions each day before participating with the Adaptive Sports Center. A “Yes” answer to one or more of these questions may result in your not being allowed to participate.

(a) Cough that you cannot attribute to another health condition?    Yes ☐ No ☐

(b) Shortness of breath or difficulty breathing that you cannot attribute to another health condition? Yes ☐ No ☐
(c) Loss of taste or smell that you cannot attribute to another health condition?  
Yes ☐ No☐

(d) Fever (100.4° F/37.8° C or greater as measured by an oral thermometer) or the sense of having a fever?  
Yes ☐ No☐

(e) Sore throat that you cannot attribute to another health condition?  
Yes ☐ No☐

(f) Chills that you cannot attribute to another health condition?  
Yes ☐ No☐

(g) Head or muscle aches that you cannot attribute to another health condition or to a specific activity such as physical exercise?  
Yes ☐ No☐

(h) Nausea, diarrhea, or vomiting that you cannot attribute to another health condition?  
Yes ☐ No☐

(i) Fatigue that you cannot attribute to another health condition or to a specific activity such as physical exercise?  
Yes ☐ No☐

The information on this form will be maintained as confidential.
COVID-19 Disclosure and Informed Consent Agreement
(Addendum to Move United Waiver and Release of Liability Agreement)

Statement from the Adaptive Sports Center of Crested Butte: Dear participant, as you know it is our mission to *enhance the quality of life of people with disabilities through exceptional outdoor adventure activities*. According to the Center for Disease Control (CDC), many of our participants with disabilities may be at a higher risk of severe illness associated with COVID-19 and should take extra precautions to avoid exposure. For detailed guidance we encourage you to visit: [https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/index.html](https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/index.html)

Because of the heightened risk, it is important that we disclose to you information associated with COVID-19 so that you can make a careful, informed decision about whether or not you should currently participate in adaptive sports activities with us. **We invite you to contact the Adaptive Sports Center and we will make every effort to answer all of your questions. We highly recommend that you consult with your doctor before making any decision to participate with us.**

**From the Center for Disease Control and Prevention (CDC):**

COVID-19 is a new disease and there is limited information regarding risk factors for severe disease. Based on currently available information and clinical expertise, **older adults and people of any age who have serious underlying medical conditions** might be at higher risk for severe illness from COVID-19. Source: Center for Disease Control and Prevention; [https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html](https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html)

Based on what we know now, **those at high-risk for severe illness from COVID-19** are:

- People 65 years and older
- People who live in a nursing home or long-term care facility

People of all ages with **underlying medical conditions, particularly if not well controlled**, including:

- People with chronic lung disease or moderate to severe asthma.
- People who have serious heart conditions.
- People who are immuno-compromised.
  - Many conditions can cause a person to be immuno-compromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications.
- People with severe obesity (body mass index [BMI] of 40 or higher).
- People with diabetes.
- People with chronic kidney disease undergoing dialysis.
- People with liver disease *(Source: Center for Disease Control and Prevention).*
- People who are pregnant.
Disclosure by the Adaptive Sports Center regarding Coronavirus (COVID-19) Risks:

Because of the coronavirus outbreak it is highly likely that your experience with us may be substantially different than it was prior to the coronavirus outbreak. This is due to our modified activity guidelines connected to our effort to keep both our participants and instructors safe from contracting COVID-19. Please be aware that we will adhere to Federal, State and County minimum standards and guidelines for safe social distancing, mask wearing, sanitation and other requirements for the prevention of COVID-19. We may also implement stricter guidelines as we deem necessary for the safety of our participants and instructors. Because of these changes you must agree and consent as follows:

Please read carefully before initialing and signing below: This document waives certain rights and releases the Adaptive Sports Center from liability.

Initials: ______ I understand that my outdoor adventure and experience may be substantially modified by and will be subject to the safety guidelines implemented by the Adaptive Sports Center and at Adaptive Sports Center discretion. I acknowledge that I have had the opportunity to speak with the Adaptive Sports Center staff who has made every effort to answer all my questions.

Initials: ______ I consent to and agree to abide by any and all safety guidelines and practices required by the Adaptive Sports Center before and during my participation in outdoor activities with the Adaptive Sports Center, including but not limited to, disclosing requested health information, adhering to social distancing and mask wearing and other requirements of the Adaptive Sports Center.

Initials: ______ I acknowledge that I have been fully informed of the risks and dangers associated with my potential exposure to the coronavirus while traveling to and from Gunnison County and during my participation in lessons with the Adaptive Sports Center. Specifically, I am aware that I may be included in the category of persons the CDC deems to be at a higher risk of severe illness from the coronavirus and that I should consult with my doctor before making any decision to participate. By choosing to participate in the Adaptive Sports Center activities, I voluntarily assume the risk of exposure to the coronavirus.
Initials: ______ I exempt, waive and release the Adaptive Sports Center from any and all liability for any harm, personal injury, claim or cause of action that may arise due to the coronavirus outbreak.

Initials: ______ I acknowledge that that I have had the opportunity to consult with my physician and with the Adaptive Sports Center staff before signing this form. I further acknowledge and agree that I have read this document in its entirety and that I understand and agree with the terms and content of this Disclosure and Informed Consent Agreement.

CERTIFICATION

I hereby certify that the COVID-19 and/or antibody test results and my questionnaire responses provided in connection with my registration to participate in Adaptive Sports Center activities are true, accurate and complete to the best of my knowledge. I understand that the Adaptive Sports Center has the right to deny participation to me if I am deemed to pose an unreasonable risk to the health, safety and welfare of myself, other clients, the Adaptive Sports Center staff and volunteers, health care providers and other first responders, or members of the community.

Agreed on this the___ day of____________, 20____.
