INDEPENDENT AUDITORS' REPORT

The Board of Directors
Adaptive Sports Center of Crested Butte, Inc.

Opinion

We have audited the accompanying financial statements of Adaptive Sports Center of Crested Butte, Inc. (the Organization), which comprise the statement of financial position as of April 30, 2024 and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of April 30, 2024 and the change in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Stockman Kast Ryan + Co. LLP

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities — The Adaptive Sports Center of Crested Butte, Inc. (the Organization), is a non-profit organization formed in 1995 pursuant to the laws of the State of Colorado, for the purpose of providing outdoor recreation programs for individuals with disabilities.

Basis of Presentation — The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions, which represents the expendable resources that are available for operations at management's discretion; and net assets with donor restrictions, which represents resources restricted by donors as to purpose or by the passage of time and resources whose use by the Organization is limited by donor imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

Cash and Cash Equivalents — The Organization considers all cash and highly liquid financial investments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents.

Accounts and Grants Receivable — Accounts and grants receivable are stated at the invoice amount. Management provides for probable uncollectible amounts through a provision for bad debts and an adjustment to an allowance for credit losses based on its assessment of the current status of individual accounts, as well as current and future economic conditions. As of April 30, 2024, all accounts and grants receivable are considered collectible by management and, accordingly, no allowance has been recorded.

Merchandise Inventory — Merchandise inventory consists of t-shirts and other items valued at the lesser of cost or net realizable value.

Investments — Investments are reported at fair value. Realized and unrealized gains and losses on endowment funds are included as revenue with donor restrictions in the statement of activities. Realized and unrealized gains and losses on other investments are included as revenue without donor restrictions. Donated investments are recorded at fair market value on the date of donation. See Note 3 for information on fair value measurements.

Property and Equipment — The Organization records property and equipment additions of \$2,000 or more at cost, or if donated, at fair value on the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long these donated assets must be maintained, the Organization reports expiration of donor restrictions when the donated or acquired assets are placed in services as instructed by the donor. The Organization reclassifies net assets with donor restriction to net assets without donor restriction at that time.

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets ranging from 3 to 39 and a half years. When assets are sold or otherwise disposed of, the cost and related depreciation is removed from the accounts, and any resulting gain or loss is included in the statement of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

Deferred Revenue — Revenue from sponsorships is deferred and recognized over the periods to which the sponsorships relate.

Functional Allocation of Expenses — The financial statements report certain categories of expenses that are attributable to one or more programs or supporting services of the Organization. Therefore, many expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated on the basis of estimates of time and effort spent by personnel in the various program and supporting services include payroll and related taxes and benefits, professional services, advertising expenses, and facilities expenses. All other expenses are attributed directly to individual projects, each of which is identified to a specific operational function.

Use of Estimates — Preparation of the Organization's financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions and Grants — Unconditional contributions and grants are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional contributions and grants are recognized when the conditions on which they depend have been substantially met. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restrictions.

Contributed Non-Financial Assets — In addition to receiving cash contributions, the Organization receives various program-related in-kind contributions from donors. It is the policy of the Organization to record the estimated fair value of certain in-kind donations as an expense in its financial statements, and similarly increase contribution revenue by a like amount. No restrictions are placed on these items and the Organization estimates the fair value of these items on the basis of market prices for comparable products.

Contributed Services— Contributed services are recognized as contributions in accordance with FASB ASC 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with these skills, and would otherwise be purchased by the Organization. In addition, volunteers donated 6,360 hours to the Center's programs. No amounts have been reflected in the accompanying financial statements for those donated services because they do not meet the criteria for revenue recognition established by FASB ASC 958.

Program Income — Registration fees are recognized over the periods to which the income relates.

Advertising Costs — The Organization expenses advertising and marketing costs as they are incurred. These costs were \$82,670 for the year ended April 30, 2024.

Income Taxes — The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction. The Organization believes that it does not have any uncertain tax positions that are material to the financial statements.

Changes in Accounting Principles — Recently Issued Accounting Pronouncements — In 2016, FASB issued ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, and subsequent updates to replace the incurred loss methodology for recognizing credit losses with a methodology that reflects the current expected credit losses (CECL) over the life of financial assets. Under the CECL model, financial assets including trade receivables are required to be estimated for credit losses taking considerations of past events, current conditions, and reasonable and supportable forecasts into account. For nonpublic entities, the amendments are effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The Organization has adopted this standard and the adoption of such had no impact on the Organization's financial statements.

Concentrations Risk – Financial instruments that potentially subject the Organization to concentrations of credit risk consist of cash in excess of Federal Deposit Insurance Corporation (FDIC) limits. The Organization places its cash accounts with creditworthy, high quality financial institutions. At times the Organization's cash balances exceed the limit.

2. LIQUIDITY AND AVAILABILITY

The following table reflects the Organization's financial assets as of April 30, 2024, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or time restrictions. Amounts not available include net assets with donor restrictions.

Financial assets at year-end:	
Cash and cash equivalents	\$ 373,507
Receivables	172,058
Investments	 5,261,999
Total financial assets at year-end	 5,807,564
Less amounts unavailable for general	
expenditures within one year, due to:	
Restricted by donors with purpose restrictions	450,994
Restricted by donors in perpetuity	 1,485,635
Total amounts unavailable for general expenditures within one year	 1,936,629

Less amounts unavailable to management without board's approval: Board designated for specific use

395,000

Financial assets available to management to meet cash needs for general expenditures in the next twelve months

\$ 3,475,935

The Organization's goal is generally to maintain financial assets to meet 180 days of operating expense.

3. INVESTMENTS

The Organization uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2: Prices determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Prices determined using significant unobservable inputs.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of April 30, 2024.

Exchange-Traded Funds and Mutual Funds – Valued at quoted prices in active markets.

U.S. Government Obligations and Corporate Bonds – Valued principally through pricing services.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Organization's financial instruments at fair value as of April 30, 2024:

	ı	- -air Value	Prio M Ide	Quoted ces in Active larkets for ntical Assets (Level 1)	O	gnificant Other bservable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash and money market funds	\$	191,554	\$	191,554			
Exchange traded funds:							
Domestic equity		966,281		966,281			
International equity		137,345		137,345			
Mutual funds - equity:							
Domestic equity		51,487		51,487			
Fixed income:							
U.S. Treasuries		3,761,960		3,761,960			
Corporate bonds		153,372			\$	153,372	
Total	\$	5,261,999	\$	5,108,627	\$	153,372	<u>\$</u>

4. PROPERTY AND EQUIPMENT

Property and equipment consist of the following at April 30, 2024:

Buildings and improvements	\$ 16,990,392
Program equipment	540,383
Land	391,662
Vehicles	250,629
Challenge Course equipment	46,519
Office furniture and equipment	28,877
Total	18,248,462
Accumulated depreciation	(3,202,253)
Property and equipment, net	<u>\$ 15,046,209</u>

Depreciation expense for the year ended April 30, 2024 was \$484,389.

5. NET ASSETS

Net assets with donor restrictions related to purpose are as follows as of April 30, 2024:

Roger Pepper	\$ 240,489
Frank Fialkoff	100,771
Visually impaired	71,370
Kellen Sams	22,835
Ladies session	10,025
Down Syndrome - Sun Up Sun Down	 5,504
Total restricted for purpose	\$ 450,994

Net assets of \$250,000 and \$145,000 are designated by the board of directors for the capital campaign and capital improvements, respectively.

6. ENDOWMENT

The Organization's endowment consists of 6 individual funds with donor-restrictions established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donorimposed restrictions.

The State of Colorado has adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), which provides statutory guidance for management, investment and expenditure of endowment funds held by not-for-profit organizations. The Organization has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies these as net assets with donor restriction that (a) the original value of gifts donated to the permanent endowment, and (b) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund.
- 2) The purposes of the Organization and the donor-restricted endowment fund.
- 3) General economic conditions.
- 4) The possible effect of inflation and deflation.
- 5) The expected total return from income and the appreciation of investments.
- 6) Other resources of the Organization.
- 7) The investment policies of the Organization.

Endowment net assets are comprised solely of net assets with donor restriction.

Changes in endowment net assets for the year ended April 30, 2024 is as follows:

Endowment net assets, beginning of year	\$	1,166,257
Contributions		89,395
Releases		(36,318)
Net realized and unrealized appreciation		266,301
Endowment net assets, end of year	<u>\$</u>	1,485,635

The portion of endowment funds required to be retained permanently either by explicit donor stipulation or by UPMIFA as of April 30, 2024 is \$1,255,652.

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy the endowment assets are invested in a manner that is intended to produce maximum results while assuming a moderate level of investment risk. The Organization expects its endowment funds, over time, to provide a rate of return sufficient to keep pace with the rate of inflation. Actual returns in any given year may vary from this amount.

7. CONTRIBUTIONS — NON-FINANCIAL ASSETS

Contributions of non-financial assets consist of the following for the year ended April 30, 2024:

	Revenue ecognized	Utilization in Programs / Activities	Donor Restriction	Valuation Techniques / Inputs
Lift tickets and passes	\$ 316,646	Programs	None	Market prices for tickets and passes
Supplies	6,448	Operations	None	Market prices for comparable products
Auction donations	 245,179	Fund raising	None	Market prices for comparable products
Total	\$ 568,273			

8. RELATED PARTY TRANSACTIONS

The Organization received contributions from members of the board of directors totaling \$386,122 during the year ended April 30, 2024.

9. SUBSEQUENT EVENTS

The Organization has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.
